Vote for Wm. Lucas for Supt. of schools.
Warden Bell came down from Carson at night.
Vote for Wm. Merrill for Short Term Commissioner.
Vote for Richard Nash, Republican nominee for Sheriff.
Vote for Pierce Evans for District Attorney. He will fill the bill.
Vote for principle to-day and allow one to bulldoze your vote.
Let the principle of Home Rule govern every voter of the State to-day.
Vote for Dan Boyd for County Treasurer. He is the right man in the right place.

This being a legal holiday there will be no Journal issued from this office to-morrow.

Vote for Tom Jallou for County Clerk. He has made a good officer and deserves reelection.

Dr. C. B. Zabriskie died at the Asylum night before last. He was 86 years of age.

Vote for W. H. McInnis for County Assessor. A good man for the place; he should be elected.

Mrs. Ina B. McLane is not dead. The Journal is glad to know that the rumor of her death was a false one.

The Catholic Fair will open at Armory Hall, on Monday, November 22. It promises to be the best yet.

A brilliant meteor crossed the northern heavens Sunday evening and for an instant illuminated the whole country leaving a bright stream of light behind.

The Plumas National says: Clemency, of Reno, is a Democratic candidate for the Assembly, in his district. Clem is well known in Quincy and has many friends who wish him success.

The ladies of the Baptist Church will serve a hot lunch, of brown bread and Boston baked beans, to-day from 12 o'clock until evening at the Church. Lunch will be 25 cents. Coffee and doughnuts will come cheaper.

Frank Osbiston was out at Humboldt a few days ago, and missing the passenger train, wanted to come back to Reno in the freight train, but was told he could not be so accommodated unless he was electioneering for Stewart.

FORT HALLUCK.—The Elko Independent says: We learn that there are rumors that Fort Halluck is to be abandoned. This has occurred annually for the past seven years, but why the Fort should be abandoned we cannot conjecture. There are comfortable quarters built at great expense, a garrison can be maintained there as cheap as at any point on the Coast, the location is a desirable one, the finest water in the world is abundant, no healthier location can be found in the United States and the people of Elko county desire that the garrison be maintained. We hope the War Department may be induced not only to continue the post but to increase the garrison to two or three companies of United States troops, as there is ample accommodations for that number.

CATTLE SHIPPED.—The Silver State says: To-day eleven cars of cattle were shipped from Iron Point to Grayson, Owens & Co., San Francisco, and fifteen cars were shipped from Argenta to Wm. Dunphy, San Francisco. Twenty-five cars have been sent from here to the Humboldt House to be loaded with cattle by N. H. A. Mason, who will ship them to Wadsworth and drive them thence to Mason Valley.

THE YOUNG MEN'S MEETING.—The boys wound the campaign up in good shape last night with a torchlight procession and a grand rally at the theater at which there was considerable enthusiasm. The boys would have made the campaign lively if they had have started in early.

STRAWBERRY SPEECHES.

GLENDAL, NOV. 1, 1886.

EDITOR NEVADA STATE JOURNAL:—

To the laboring voters of Washoe County, the following suggestions are hereby offered by one who earns his livelihood by the toil of his hands:

The least observant toiler in the country must have noticed that the irrepressible conflict between corporate power and the producing millions of this country is rapidly nearing its crisis. One of the best evidences of this is the fact that the railroad power of this coast is now engaged in the nefarious scheme of over-riding the will of the people of a State whose laborers have added more to the material wealth of the world, than those of any commonwealth of its age and population in the Union. In casting our ballots to-morrow let us remember that this power thus engaged, in its lust for gain, has never heeded the just demands of the free born voters whose suffrages they now seek. Fearful of the general awakening of the producing element of the Nation, the corporations are anxious to place one of their most valiant champions on guard in the Chamber of our National Legislature. Careless alike of National political platforms and of common decency, they have selected the Honorable Wm. M. Stewart, a man who has grown gray in the service of a corporate power, in its crushing warfare against all interests save its own. While the conflict referred to is in no wise a political one, yet in the use of our suffrages to-morrow let us not forget that a vote for the Assembly Ticket of the Republican party is one against Home Rule in Nevada, and actual representation in Washington. Let every honest voter of whatever political proclivity scorn the debasing touch of purchasing coin.

Fellow laborers, when the hardy loaders and yeomen of the Nation maintain the integrity and purity of the ballot, then will this Union become what its founders intended it to be, "A Government of the people, by the people and for the people."

STRAWBERRY.

A CARD FROM MR. PINE.—The statement is being circulated by those who opposed my nomination, that I am to be Mr. Nash's deputy in the event of his election. I desire to say that no such agreement or understanding exists, or has ever existed between Mr. Nash and myself.

THE PARADISE RACES.

A Large Attendance and Lively Races.

The Silver State, of Saturday, says T. J. Duffy who returned yesterday from the Paradise races says the attendance was large, and candidates were present in full force.

Wednesday there was a trotting race, free for all horses, that had never beaten three minutes, mile heats, best two in three, for a purse of \$150. Two horses started—namely J. R. Harvey's Lodi and Frank Button's San Jose. Lodi won the race in two straight heats; time 2:56 and 2:56 1/2.

There was also a running race of a single dash of three-quarters of a mile, free for all, for a purse of \$125. The entries were W. T. Burn's Jim Lick, William Martin's Emma and Joseph Dyson's Snuff Box. The race and first money were won by Jim Lick, Snuff Box second.

Thursday there was a single dash of 600 yards, free for all, for a purse of \$75. Two horses started—J. R. Harvey's Sorrel Tom and F. J. Button's Little Humboldt. The race and first money were won by Tom.

There was also a quarter-mile race, single dash, between W. T. Burn's Dutchy, J. R. Harvey's Fox and F. J. Button's Ronco, for a purse of \$100, which was won by Dutchy, Ronco second.

In the five-eighths of a mile dash, for a purse of \$100, three horses started—namely: William Martin's Emma, W. T. Burn's Jim Lick and Joe Dyson's Snuff Box. The race was won by Emma, Snuff Box second.

The closing race on Thursday was a 600-yards dash, between William Martin's Emma and H. B. Luther's Ten Cents, which was won by the latter; time, 34 seconds.

ATTENTION, VOTERS.

Proposed Amendments to be Voted on at the Coming Election.

The amendments to the State Constitution are subjects deserving great consideration, but generally receive very little attention from voters. At the coming election there are three amendments to be voted upon. The first changes the manner of altering and amending the State's Constitution, making the action of one Legislature only and the people necessary to amend any portion of the Constitution, while the present Constitution requires the concurrence of two Legislatures and the people to make an amendment thereto.

The second is one of great importance to citizens, for a reason that if it becomes a part of the fundamental law a citizen will be required, in order to vote, to reside one year in the State and 90 days in the county or precinct prior to any election, while under the existing law, a six months' residence in the State and 90 days the county before an election qualifies a citizen to vote.

No. 3 proposes to change the Constitutional provision in regard to the investment of school funds. At present they can only be invested in United States bonds and the bonds of Nevada. The proposed amendment, if adopted, will authorize the investment of the school funds in bonds of the United States, this State or any other State or States that may be selected by the board authorized by law to make such investment.

ATTENTION, VOTERS!—The voters in Reno precinct should not forget that the present has been divided into three separate and distinct voting places. Persons residing on the north side of the railroad should present their ballots at the old Ocean Spray saloon, corner of Sierra and Plaza streets, which is designated as the Third Ward. All citizens living south of the railroad and north of the river reside in the Second Ward, and their place for voting will be at Everett's old store. The first Ward embraces all that part of the city south of the river, and their place of voting is at the surveyor's office in front of the Court House. These are facts which voters should remember, and not present their ballots at the wrong place, as they will surely be challenged.

THE SILVER DOLLAR TO STAY.

NEW YORK, Oct. 28.—The Sun's leading editorial says: It is a noteworthy circumstance although we are in the midst of an election canvass for Representatives to the new Congress, not a word is said anywhere about the silver question and candidates are not asked to pledge themselves to vote against silver. The enemies of silver seem to have abandoned the fight against it. The fact is, the people have come around to the position that the coinage of the silver dollar does no harm whatever. All dollars coined up to this time and all that will be coined for the next five years, merely replace a corresponding amount of retired national bank notes, thus preserving the country from a contraction of the currency. The prophecies of financial disaster which were so confidently made at the beginning of 1885 have proved to be of no more value than Wiggin's prediction of storm and earthquakes. The silver dollar is here to stay.

A TAXPAYER HAS A WORD TO SAY.

EDITOR JOURNAL:—Election day is at hand. Men will on Tuesday next go to the polls to vote, some of whom will vote their sentiments as influenced by party discipline, others will vote as their judgment presents matters to them and independent of party influence; the latter class will be largely in the majority in Washoe county; the reasons for this state of things are immaterial now. The two great parties have each by their conventions presented to the voters of Washoe a full ticket, and by doing so each have, according to custom, challenged the other to the contest. In this contest of parties the independent candidate has no place; he comes before his fellow-citizens upon his merits, and upon his merits he must stand or fall. In Washoe there is an independent candidate for District Attorney in the person of W. L. Knox, a gentleman, who for more than twenty years, in the prime of his life, has been a resident of Washoe county, and an attorney of the Washoe Bar. In all these years no more honorable gentleman has been at the Washoe, or any Bar of the State, than W. L. Knox. He is a modest, unassuming man, and I venture the assertion, no one within the circle of his acquaintance has heard from him any self-praise, or observed in his actions any self-assertion. Behind his modesty the lawyer and scholar rears unbowed by most men; and without intention to injure, or reflect upon the learning and ability of the gentlemen who have been presented to the voters of Washoe by the Republican and Democratic parties for the office of District Attorney, I am unreservedly of the opinion that no better or more learned lawyer is on the roll of attorneys in Nevada than W. L. Knox. His integrity is beyond question and his standing as a gentleman above reproach. The voters of Washoe could not do better for the interests of the county than to place him by their votes on Tuesday in the very responsible position of District Attorney. It is the most responsible position in the county and one that requires mature judgment and learning, and W. L. Knox is the possessor of both.
